

**Virginia Outdoors Foundation
Preservation Trust Fund (PTF)
Grant Recommendations for Funding-October 2022**

PTF Funds Available: \$1,800,000.00

PTF Recommendation: \$1,700,000.00

Recommendations (listed alphabetically by applicant)

Application #	Applicant	Project Title	Locality	Funding Requested	Funding Recommended	% Funded	Project Description
25	Agrarian Trust	Central Virginia Agrarian Commons - Petersburg Oasis Community Farm	Petersburg, City of	\$278,500.00	\$278,500.00	100%	The Central Virginia Agrarian Commons is fundraising to acquire title ownership to 535 Beech Street to ensure its permanent use as a regenerative food production farm, farm-to-school center, and farm business incubator. Placing 4.12 acres of the 5.12-acre property under a conservation easement with Virginia Outdoors Foundation would help ensure the land remains farmland in perpetuity, and enable one-acre for a building envelope dedicated to future farm and housing infrastructure.
28	Capital Region Land Conservancy	Burton Family Farm	Chesterfield County	\$150,000.00	\$150,000.00	100%	The Burton Family Farm consists of 2 parcels (793669059200000 and 793669088500000) owned by the Estate of Nannie J. Burton in Chesterfield County. The land for this Black Century Farm was first purchased in 1896. CRLC is working to assemble various parcels that have been divided off to preserve a fraction of the original farm to continue its agricultural uses and allow for historical interpretation of the emancipation of enslaved people along the Richmond/Petersburg turnpike in 1865.
29	City of Buena Vista	Buena Vista Downtown Riverfront	Buena Vista, City of	\$50,000.00	\$50,000.00	100%	The Buena Vista Downtown Riverfront will finally allow residents & visitors to access the Maury River from downtown. Currently, the flood levee built in 1998 offers a walking trail, but the steep slope and riprap make getting to the water dangerous and difficult. A new path over the levee and new boat ramp will link downtown's brewery, restaurants, and shops directly with outdoor recreation.
31	City of Lynchburg Parks & Recreation Dept.	Perrymont Park Improvements	Lynchburg, City of	\$169,000.00	\$169,000.00	100%	Perrymont Park is an undeveloped park in the City of Lynchburg. It is located on a parcel that is partly occupied by Perrymont Elementary School (not included in the total acreage) and is in a park desert identified on the current City Parks & Recreation Needs Assessment, meaning a neighborhood whose residents are more than a 10-minute walk away from an active park. The park is planned with a walking loop, off-leash area, a restored wetland, ball fields, an outdoor classroom, and nature paths.
32	County of Lancaster Virginia	Carter Cove County Park Creation	Lancaster County	\$150,000.00	\$150,000.00	100%	Lancaster County seeks to plan the new Carter Cove County Park and to develop initial recreational features. Planned amenities include a kayak/canoe launch, fishing pier, picnic shelter, boat ramp with courtesy dock, and small interpretive center/boat rental office. The County purchased this 5-acre property in 2022 with the goal of increasing public access to the Commonwealth's waters and to provide much-needed equitable recreational opportunities for residents and visitors.
34	Franklin Parks Foundation	Deer Creek Addition - Blackwater Park	Franklin, City of	\$100,000.00	\$100,000.00	100%	The Franklin Parks Foundation, in partnership with the Virginia Outdoors Foundation, will acquire these 96 acres of prime river frontage on the State Scenic Blackwater River for the creation of additional parkland and a primitive camp site. This property contains old growth hardwood bottomlands and contains forestlands categorized as FCV 4 & 5 (60 acres). The tract sits at the intersection of two Natural Heritage sites, the Blackwater River Main Stem Conservation site, and the Antioch SCU.
38	Patrick Henry Memorial Foundation	Red Hill Plantation	Charlotte & Campbell County	\$150,000.00	\$150,000.00	100%	The Patrick Henry Memorial Foundation is seeking a PTF grant in the amount of \$150,000 to place a permanent conservation easement on 596.616 acres at Red Hill Plantation located in Brookneal, VA. Red Hill, the home of Patrick Henry, first Governor of the Commonwealth, is open to the public 362 days per year, provides substantial outreach and education to both youth and adults, and is the site of an annual US Naturalization ceremony held on May 29th. Match will be VLCF and bargain sale.
39	Rappahannock Tribe of Virginia	Rappahannock Tribe's Return to the River, Phase II	Richmond County	\$250,000.00	\$250,000.00	100%	We will acquire/protect 703 acres adjacent to 465 we own to create 1,168 acres of contiguous protected lands and solidify our unprecedented partnership with the Tribe and National Wildlife Refuge System. It will: <ul style="list-style-type: none"> 1. Increase connectivity/ecological value of existing protected lands 2. Protect irreplaceable archeological resources 3. Protect important migratory bird habitat 4. Protect nesting, roosting, and migration habitat for bald eagles 5. End commercial logging operations by current owner

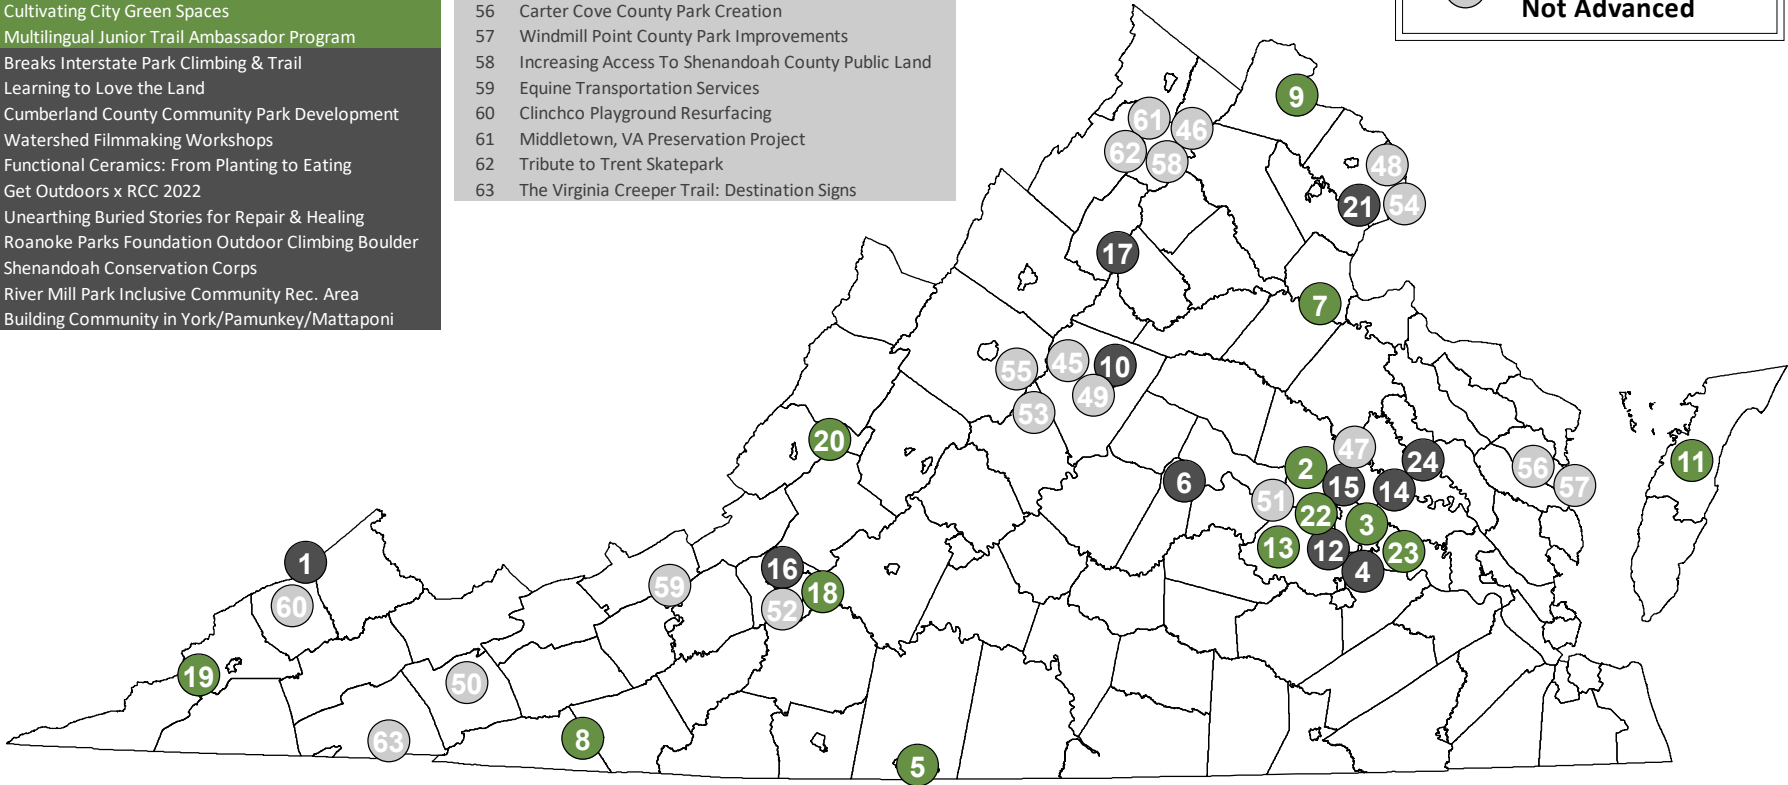

Recommendations, Continued

Application #	Applicant	Project Title	Locality	Funding Requested	Funding Recommended	% Funded	Project Description
40	Shenandoah Valley Battlefields Foundation	Bowman Property (Tom's Brook)	Shenandoah County	\$28,000.00	\$28,000.00	100%	This project is for the preservation of the 3-acre Bowman property located near the Town of Toms Brook in Shenandoah County, VA. If awarded the grant would assist the Shenandoah Valley Battlefields Foundation in a fee simple purchase of the property. Once purchased the Battlefields Foundation along with partners will work to clean up the stream and landscape, establish trails to connect to other preserved lands nearby, and encourage public use of the property.
42	Town of Culpeper	MCR Trail Application	Culpeper County	\$500,000.00	\$294,750.00	59%	This application requests funding for the purchase of land and easement for The MRC Trail property. The MRC Trail aims to secure and protect approximately 19 acres of forested land in the Town of Culpeper. Our primary goal is to acquire the proposed property for public access, in order to develop connector trails linking the Town's two largest open space parks: Rockwater and Yowell Meadow. Secondary goal is to protect this land from development.
43	Town of Kenbridge	Kenbridge Connector Trail	Lunenburg County	\$79,750.00	\$79,750.00	100%	The overall project consists of creating a paved connector trail from the existing 0.5-mile loop trail around the park boundaries to connect to the sidewalk at the front of the property. The location of the park is in Kenbridge Town Park located beside the Town Hall. The distance of this new trail will be approximately 1093 feet long or 0.4 miles in length and 4 feet wide. Along the newly paved trail will be park benches to allow park visitors to rest and trash cans to prevent littering.

GO Grant Funding Recommendations

Fall 2022

Get Outdoors (GO) Fund Grant Summaries Recommended Projects, October 11, 2022

Applicant: 2, Beyond Boundaries

Project Title: Outdoor Adventures

Locality: Richmond, City of

Funds Requested: \$20,000.00

Funds Recommended: \$20,000.00

Description: Beyond Boundaries provides outdoor adventures to individuals with disabilities, at-risk youth, those in substance recovery & veterans. We conduct roughly 130 outings in white water rafting, fishing, rock climbing, kayaking & boating that together serve over 1,000 individuals each year. Some of our outings give participants the chance to test themselves & support each other, while some allow them to enjoy the calmness of nature while learning about local wildlife. All are wheelchair accessible.

Applicant: 3, Blue Sky Fund

Project Title: Blue Sky Fund Explorers Program - Nature-Based Science Education for Richmond Public Schools Elementary Students

Locality: Richmond, City of

Funds Requested: \$5,000.00

Funds Recommended: \$5,000.00

Description: Blue Sky Fund's Explorers program anticipates providing 2,135 3rd-5th grade Richmond Public Schools' (RPS) students and 130 teachers in 12 Title I elementary schools with nature-based education that enriches Virginia Standards of Learning (SOL) science lessons from the classroom. These learning opportunities advance Richmond's racial equity in the outdoors, as well as complement RPS' efforts to improve students' academic performance in science and schools' accreditation status.

Applicant: 5, City of Danville

Project Title: Danville Resident-Led Neighborhood Park Planning

Locality: Danville, City of

Funds Requested: \$6,454.00

Funds Recommended: \$6,454.00

Description: Danville Parks and Recreation has chosen to approach community park changes through a resident-led design process. Our first meetings identified barriers to resident participation: childcare, supplies, refreshments, marketing, interpretation, and recruitment. Our GO project request is for financial assistance to overcome these barriers to increase resident participation. City budget constraints make it difficult to properly address these barriers.

Applicant: 7, Friends of the Rappahannock

Project Title: Respect the Rappahannock- Expanding River Safety Education in the Rappahannock River Watershed

Locality: Stafford County

Funds Requested: \$15,000.00

Funds Recommended: \$15,000.00

Description: The Rappahannock River has an excellent water trail with a wide range of public access sites which draws thousands of users and visitors each year. We also have routine injuries and deaths every year which are easily avoidable if river users followed proper river safety protocols. This project will build off of currently successful, community-driven efforts, to provide bilingual river safety programs and outreach materials to local schools, parks and rec programs, and first responders.

Applicant: 8, Independence Volunteer Fire Department

Project Title: New River Connected

Locality: Grayson County

Funds Requested: \$25,000.00

Funds Recommended: \$25,000.00

Description: The overall project offers a web-based app and physical signage for points of interest and access along the New River lying within Grayson County borders. It adds value to data previously collected by field data collection partner. The app provides clickable map features displaying access, portage, points of interest locations, and float segments of the river between access/portage points. The specific project component requested will provide solar powered wifi hotspots for app users.

Applicant: 9, INMED Partnerships for Children

Project Title: Community-Led Food Production Through Aquaponics

Locality: Loudon County

Funds Requested: \$25,000.00

Funds Recommended: \$25,000.00

Description: INMED is introducing aquaponics, plus home and community gardening, to strengthen food security among low-income residents of the Leesburg Mobile Home Park while promoting environmental education and access to outdoor space. Aquaponics combines aquaculture and hydroponics in a closed, symbiotic system that uses 90% less water and produces up to 10 times more in the same space as conventional agriculture, while eliminating the need for chemical fertilizers, herbicides and pesticides.

Applicant: 11, Onley Recreation Association

Project Title: ORA Teen Swim Camp

Locality: \$14,665.00

Funds Requested: \$14,665.00

Funds Recommended: Accomack County

Description: We are looking to host a 1 week swim camp for teenage non-swimmers in our community. The camp will be held Monday-Friday for 2 hours each day. During the camp the swimmers will rotate through stations that cover basic water safety and swimming skills. The camp would be geared for older swimmers who have not had the opportunity to learn to swim yet. The camp would be offered free of charge to potentially 20-25 swimmers. The goal is to break the cycle in these families of non-swimmers.

Applicant: 13, OpenSpace Education

Project Title: Nature-Based Arts Programming in Partnership with Richmond Public Schools (RPS)

Locality: Richmond, City of

Funds Requested: \$25,000.00

Funds Recommended: \$25,000.00

Description: Open Space Education is Richmond's only outdoor education program that combines art education and nature-based learning. Our goal is to offer year-long tuition-free programs in partnership with RPS, a school system that overwhelmingly serves families that fall into a low socioeconomic bracket. Currently at RPS, where 100% of students are eligible for free meals and 79% are BIPOC, we provide access to: art education, safe outdoor time, and alternative modes of learning.

Applicant: 18, Star City Cycling

Project Title: Star City Kids Outdoors

Locality: Roanoke, City of

Funds Requested: \$15,000.00

Funds Recommended: \$15,000.00

Description: This project will provide disadvantaged kids in Roanoke with safe, equitable and regular access to VOF protected open spaces, by developing a transportation program to supervised mountain biking and hiking activities offered by Star City and Humble Hustle (<https://www.thehumblehustle.org/>). Seed financing is needed to initiate transportation, prove its effectiveness and develop sustainable funding to continue it. We intend to grow participation over time and create a replicable model.

Applicant: 19, Town of Appalachia

Project Title: Washington Rock Recreation Area Development

Locality: Wise County

Funds Requested: \$15,000.00

Funds Recommended: \$15,000.00

Description: The objective of this project is to develop the Washington Rock Recreation Area into an outdoor recreation, tourism, and community-use facility by capitalizing on the natural assets, historic significance, and land reuse opportunities that are present. Once developed, the area will provide picnic facilities, river access for fishing, kayaking, and tubing, and will serve as a destination for local residents and an increasing number of visitors to the area.

Applicant: 20, Town of Clifton Forge

Project Title: Clifton Forge All-Abilities Playground & Sensory Trail Project

Locality: Alleghany County

Funds Requested: \$10,000.00

Funds Recommended: \$10,000.00

Description: The Clifton Forge All-Abilities Playground will improve accessibility and promote inclusion by converting an existing playground, installing safe surfacing and specialized play equipment, to allow children of all abilities to play together. The Sensory Trail Project will be developed from an existing public walking trail, engaging all seven senses with play pieces for balance, movement, and sound, planting flowers and herbs for sight and smell, berries and fruit trees for taste and touch, etc.

Applicant: 22, Verdant Richmond

Project Title: Cultivating City Green Spaces

Locality: Richmond, City of

Funds Requested: \$20,095.00

Funds Recommended: \$20,095.00

Description: The Richmond Grows Gardens Program makes vacant city-owned property available for community gardens. With 14 volunteer-led gardens across the City of Richmond, this project supports urban agriculture in underserved areas of the city. This funding will aid in supporting this mission by meeting community infrastructure requests that provide elevated garden beds at two sites, solar-powered cold storage for one site that hosts free grocery distributions, and funding for education and programming.

Applicant: 23, Virginia Capital Trail Foundation

Project Title: Multilingual Junior Trail Ambassador Program

Locality: Multiple

Funds Requested: \$3,800.00

Funds Recommended: \$3,800.00

Description: VCTF recently launched our first Jr Trail Ambassador program for youth ages 10-18. Funding would enable us to translate program materials into Spanish and have printed copies available to our Spanish communities. This would help us connect and engage with a younger and wider multilingual audience. This incentives-based program inspires youth to go outside, learn about their community, interact with nature, and develop healthy, active living habits at a young age that will carry into adulthood.
