Central

All proposals submitted in the central region were recommended for funding.

Eastern

Applicant: 27-01-10 Hampton Roads International Montessori School
Project Title: Semple Farm Road Community Access Preserve
Locality: City of Hampton
VOF BOT Region: Eastern
Funds Requested: \$320,000.00
Description: With the assistance of PTF funding, the Hampton Roads International Montessori School seeks to acquire three lots on Semple Farm Road in Hampton to create a protected community access corridor connecting Magruder Run Apartments and Semple Farm Road residents to Commander Shepard Boulevard. The project will improve safe lawful passage, preserve green space, and support outdoor classrooms and nature-based learning in partnership with the Hampton Green Foundation.

Applicant: 27-01-13 The Fairfield Foundation
Project Title: Preserving Historic Fairfield's Landscape
Locality: Gloucester County
VOF BOT Region: Eastern
Funds Requested: \$180,000.00
Description: The Fairfield Foundation seeks a grant to purchase 21.28 rare and desirable acres on Hickory Fork Road in south Gloucester County to protect a significant cultural landscape adjacent to Fairfield. Zoned suburban countryside, stiff development pressure exists from Hampton Roads commuters. The late-successional forested creek-side land in the York River watershed includes archaeological and natural resources, which Fairfield will protect while promoting public access for education and recreation.
